

KE-131B - KE-131C - KE-131E TECHNICAL DATA

KE-131B Lilac, Red Apple, Lemon, Honeysuckle, Mulberry
KE-131C Cherry, Citrus, Cinnamon, Vanilla
KE-131E Peach, Mint

COUNTERACTANT

KE-131B-131C-131E counteractant is a highly effective concentrated odor eliminator. Works chemically to destroy odors. Effective against odors caused by animals, mildew, laundry, smoke, tobacco, sewage, oil and gas. Especially effective in eliminating odors caused by decomposing organic matter. Strong enough to eliminate odors in stockyards and sewage plants and pleasant enough to be used in institutional and housekeeping applications. Can be used as a space spray with pump type or mist type sprayer, sprayed directly on surfaces or used in conjunction with hot water extracting carpet cleaning machines.

AREAS OF USE

HOTELS
MOTELS
APARTMENTS
HOMES
OFFICE BUILDINGS
HOSPITALS
RESTAURANTS
FACTORIES • FUNERAL HOMES
GARBAGE DUMP SITES
SEWAGE TREATMENT PLANTS

APPLICATIONS

ANIMAL ODORS
MILDEW ODORS
SEWAGE ODORS
LAUNDRY ROOM ODORS
SMOKE & TOBACCO ODORS
FOOD & KITCHEN ODORS
TOILET ODORS

TECHNICAL DATA

FORM: Water Base Liquid
ODOR:
COLOR:
DETERGENCY: Mild
TOXICITY: None
WETTING ABILITY: Penetrates
STORAGE STABILITY: 1 year +
COLD STABILITY: 32° F
PHOSPHATES: None

FLASH POINT: None
BOILING POINT: 212° F
SOLUBILITY IN WATER: 100
SPECIFIC GRAVITY: 1.0
% VOLATILE BY VOLUME: 100
pH: 7.0
VISCOSITY: Thin
EVAPORATION RATE: Slow
BIODEGRADABILITY: Yes

KE-131B - KE-131C - KE-131E

COUNTERACTANT

This product is a highly effective concentrated odor eliminator. Works to chemically destroy odors. Effective against offensive odors caused by animals, mildew, laundry, smoke, tobacco, sewage, oil and gas. Especially effective in eliminating odors caused by decomposing organic matter.

GENERAL APPLICATION: May be diluted with up to 10 parts water. Product can be applied by mopping, dunking, spraying or wiping on. Allow the liquid to stay on surface where possible. Do not rinse off. Can be used as a space spray with pump or mist type sprayer. Can be used in conjunction with hot water extractor type carpet cleaning machines.

STOCKYARDS: Dilute with 10 parts water. Spray onto ground and other areas where odor exists. Initial treatment should be done twice daily until odor is eliminated. Thereafter, once every other day should be sufficient. In diluted form this product will not harm livestock.

SEWER PLANTS: Allow product to drop into waste water at a rate of three drops every five seconds. If odor still persists after four hours, increase dosage to 6 drops every 2 seconds. After eliminating odor, reduce treatment to 2 drops every 8 seconds. For eliminating odors surrounding plant, dilute product with 10 parts water and spray concrete walls above waterline, walkways, ramps and ground.

WARNING: Harmful if swallowed. Keep away from eyes. Contact with skin may cause allergic irritation.

First Aid: In case of contact, flush skin or eyes thoroughly with water. For eyes, get prompt medical attention. If swallowed give 1 or 2 glasses of water, induce vomiting. Call physician immediately.
