

KE-173A / KE-173G is a powerful new ice melter designed for the professional maintenance and janitorial markets. The high levels of Calcium and Magnesium Chloride are quick to create heat and draw moisture from the air for a fast and safe thaw of snow and ice in sub zero temperatures. KE-173A / KE-173G also contains FREEZGARD® to aid in the reduction of corrosion to metals.

## KE-173A / KE-173G With "FREEZGARD"

- Fast Acting on Snow & Ice
- Safe for Vegetation, Sidewalks & Driveways
- Melts to -20° F
- Non-tracking with corrosion inhibitor

### Additional Reasons for Use:

SAFE, FAST MELTING WITH A UNIQUE 4-INGREDIENT FORMULA

Magnesium - Calcium - Potassium - Sodium Chlorides

FREE FLOWING, EASY TO SPREAD  
WORKS DOUBLE HARD AGAINST REFREEZING

**DIRECTIONS:** Spread at the rate of about 1/4 cup per sq. yd. Leaves no messy white residue to coat sidewalks or to be tracked into buildings. Remove the slush immediately to prevent penetration of porous areas and cracks in the concrete, as continual thawing and freezing action can cause damage to poor quality concrete. Will not harm carpet or floors.
