

KINZUA ENVIRONMENTAL, inc.

GAP Green All Purpose Spray Cleaner

GAP Spray Cleaner is a unique formulation that contains special surface active agents and natural builders that quickly emulsify and dissolve animal fats, vegetable oils, petroleum greases, and motor oils for easy removal. Just spray on and wipe. Cleans walls, painted woodwork, floors, exhaust fans, cabinets, light fixtures, whitewall tires, machinery, fiberglass boats, and most other washable hard surfaces.

GAP Spray Cleaner is supplied as a Ready to Use (RTU), in a quart spray bottles.

Please ask about other Kinzua DfE Products for building maintenance.

How to use:

Spray **GAP Spray Cleaner** directly on the surface and wipe off either with a paper towel or a lint free cloth. If a non-spray application is desirable, apply the diluted product or RTU directly to an applicator (a paper towel or cloth) and wipe the surface until clean, dry and film-free.
