

O'NOX[®] Clean-Off

If you work outdoors you should have **O'NOX POISON OAK/IVY/SUMAC CLEANSER.**

The best prevention from getting a rash from urushiol, an oily irritant emitted by poison oak, ivy, and sumac, is to stay away from the plant.

The next best prevention is O'NOX CLEAN-OFF Poison Oak/Ivy/Sumac Cleanser. O'nox Inc. has formulated a cleanser that will lift off the oils immediately by using a handy spray container – thus eliminating the need for running water.

BENEFITS:

- **REMOVES POISON OILS**
- **HELPS PREVENT ITCHING AND RASH**
- **SOOTHES THE SKIN**
- **USE ON SITE WITHOUT RUNNING WATER**

SPECIAL BONUS: Can be used for cleaning minor cuts, scrapes or minor skin irritations.

Should itching occur, apply O'NOX Itch Relief for temporary relief.
