

PORTION HDGD

**WATER-SOLUBLE, PRE-MEASURED AND PORTION-CONTROLLED
Packaged For Institutional and Industrial Use**

HEAVY DUTY CLEANER DEGREASER

**FIGHTS GREASE, DIRT, AND GRIME IN ONE
EASY STEP.**

Water Flakes® Heavy Duty Cleaner Degreaser is a highly concentrated formula especially designed for degreasing floors and general purpose spray and wipe cleaning.

Grease and oil build-ups commonly found in foodservice areas are cleaned with ease. **Heavy Duty Cleaner Degreaser** effectively fights grease and cleans away dirt and grime on surfaces ranging from vinyl, asphalt, ceramic tile, and quarry tile to stainless steel, linoleum, concrete and formica.

Heavy Duty Cleaner Degreaser is pre-measured and packaged in a 100% biodegradable film. The packets dissolve completely in water, reducing package waste, and leaving you with solution ready for cleaning. Just drop one water-soluble packet of **Heavy Duty Cleaner Degreaser** in water. No need to measure, pour or cut open packages.

Use **Heavy Duty Cleaner Degreaser** to clean grease on floors, walls, and a wide variety of other surfaces. **Heavy Duty Cleaner Degreaser** rinses fast and easy.

Directions

For mop-and-bucket: Add 1 packet to bucket of warm or hot water and stir gently to form a uniform solution. Apply solution to floor with mop. Rinse with clean mop water.

For spray-and-wipe: Fill a 5 gallon / 19 liter dispenser with warm water. Add 2 packets to dispenser, replace cap and agitate dispenser to create a uniform solution. Draw off solution from dispenser into spray bottle. Spray on surface to be cleaned, and wipe with clean cloth or sponge. Rinse all surfaces with potable water.

FOR GENERAL CLEANING: Add one packet to 4 gallons / 15 liters of warm or hot water.

FOR DAILY DEGREASING: Add one packet to 3 gallons / 11 liters of warm or hot water.

FOR HEAVIER DEGREASING: Add one packet to 2 gallons / 8 liters of warm water.

Ingredients

The ingredients in **Heavy Duty Cleaner Degreaser** are sodium carbonate, sodium salt of EDTA, anionic surfactant, sodium metasilicate, and glycol ether.

Packaging

ST-797 is packed 2 x 36 x 1.5 wt. oz. packets per case, case weight is 8 lbs.

Caution

Do not handle pouches with wet hands. Do not remove packets from container prior to use. Humidity and water will destroy the pouch integrity.

Chemical Characteristics

Abrasive.....	no
Appearance.....	purple powder
Biodegradable.....	yes
California Compliant.....	yes
