

# PRODUCT INFORMATION SHEET

## Product Specifications

**KE-298DE**

**Appearance:**  
Clear

**Odor:**  
Solvent

**pH:**  
N/A

**Storage:**  
Below 120°F (49°C)

**Boiling Point:**  
<0 to 179°F  
<-18 to 81°C

**Vapor Density:**  
Heavier than Air

**Evaporation Rate:**  
Faster than Ether

**Specific Gravity:  
(Water=1)**  
0.63

**Solubility in Water:**  
N/A

**Clear & Odorless**

**No wiping required**

**Works instantly**

**Excellent Protectant**

# KE-298DE

## SATIN DETAIL SPRAY

### DESCRIPTION

This dressing is an economical alternative to higher priced dressings. Fast and easy to use by enhancing the appearance of rubber, vinyl and leather. No wiping necessary. Fine aerosol mist is ideal for those hard-to-reach vents and textured surfaces.

### FEATURES AND BENEFITS

A fast drying, non-greasy formula that shines vinyl, rubber, plastic and paint interior and exterior surfaces. Spray lays out flat with no wiping necessary. Perfect for those hard-to-reach areas such as air conditioning vents and inside engine compartments.

### APPLICATIONS AND USES

Promotes and increases the life of rubber surfaces. Ideal for tires, dashboards, exterior trim, window trim, door seals, vents, wheel covers, bumpers, and bumper trim.

### DIRECTIONS FOR USE

Shake well before using. Prepare surface. Remove dirt, dust, oil, and grease. Dry surface. Test spray on an inconspicuous area or scrap piece to check compatibility. Hold can 10" to 12" from surface. Use a stroking motion. Apply two or more coats rather than one heavy coat. For best results, spray at 70°F to 80°F. Polish surface, if desired, using a soft cloth after allowing spray to dry a few minutes.
