

KE-3035B

DATA SHEET

CUTTING and TAPPING FLUID

COOLANT • LUBRICANT

INCREASES PRODUCTION RATES
AS WELL AS TOOL LIFE

- RESULTS IN COOLER WORK PIECE
with LESS HEAT DISTORTION and LESS TOOL BURNING
- TRANSPARENT FLUID ALLOWS CLEAR VISIBILITY OF WORK AREA
- CAN BE REMOVED EASILY WITH
COLD WATER OR DEGREASING SOLVENTS

USED IN :
MACHINING • PUNCHING • SAWING • MILLING
BORING • CUTTING • GRINDING • TAPPING • THREADING

CUTTING and TAPPING FLUID

aerosol
product
data
sheet

Description

A clear, synthetic coolant and lubricant designed to disperse heat and extend cutting tool life. Convenient aerosol is handy for field operations. Works on exotic metals. Non-Irritating to the skin. Transparent fluid provides clear view of work area. Helps increase production rates.

For Use by

MUNICIPALITIES
REFINERIES • SHIPYARDS
POWER GENERATING PLANTS
INDUSTRIAL PLANTS • FACTORIES
FOOD and BOTTLING PLANTS
STEEL MILLS • CHEMICAL PLANTS
MINING OPERATIONS

For Use On

ENGINES • MOTORS
BEARINGS • GEARS
TURBINES • COMPRESSORS
PRODUCTION MACHINERY
BOILERS • HEAT EXCHANGERS
MANIFOLDS • EXHAUST SYSTEMS
OIL and ORE DRILLS

Features

NON-IRRITATING TO SKIN

TRANSPARENT LIQUID
PROVIDES INCREASED VISIBILITY OF WORK AREA

Specifications

Appearance and Odor	Clear Liquid, Alcohol Odor
Flash Point of Concentrate	39°F(T.O.C.)
Flammability	Extremely-Flammable Spray
Specific Gravity	0.862
Propellant	Liquid Petroleum Gas
Spray Pattern	Medium Flush Action
NFPA Fire Rating	Level 3 Aerosol
